

The OLD Facebook PAGE: [IDAHO-Valley Garden Club](#)

The NEW Facebook (FB) PAGE: [Idaho Valley Garden Club](#)

A FB **PAGE** is mostly for advertising. You can “follow” the page by clicking on the “Like” button. (See picture below). This just means you will get notifications to your personal FB profile/account when it is updated by an administrator for the page – currently Saragrace Knauf. We will use it for promoting our events (sharing to other local FB pages like Kamiah United).

For more information on the difference between FB profiles/pages and groups. [Click here.](#)

The NEW Facebook GROUP: [Idaho Valley Garden Club - GROUP](#)

A Facebook GROUP is a place to communicate about shared interests with certain people.

This group is PRIVATE, when you request to join, you will be asked a few questions to make sure you are human. While it is private, keep in mind that it is on the internet. It is not advisable to share private information.

The New Pro Boards Email Forum: [GCII Valley Garden Club Email Forum](#)

This is an EMAIL forum. It is a ***completely different platform*** than FACEBOOK.

I think it would be helpful to see a functioning example: [Felting and Fiber ProBoard](#)

This link will take you to a currently functioning forum for felting. It gives you an idea of how we can structure our forum.

You can see the felting forum because it is PUBLIC. We can make our forum private, but again, it is on the internet....someone could hack into it if they really wanted to.
